Algıda seçicilik

meridian

Meridian, abartısız şıklık kavramını kendi tarzında yorumluyor. Hayata değer katan Meridian, yalın formuyla mekanların dekorasyonunu tamamlıyor. Artık deęişime Meridian kadar yakınsınız.

Vazgeçilmeyen tarz, vazgeçilmeyen sadelik...

Beyaz

Krem

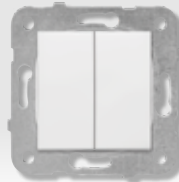

Meridian'ın beyaz ve krem ile renklenen zengin dünyasında çözümler tasarımla aydınlanıyor. Meridian güvenli kullanıma sahip tasarruflu ve enerji verimliliği için çalışan seçenekleriyle hemen her noktada çözüm üretiyor. İkili, üçlü, dördü, beşli, altılı, yatay ve dikey çerçeveleriyle farklı ve çoklu kullanımlar için alternatifler sunuyor.

Yenilenen ve güçlendirilmiş mekanizmasıyla daha da güvenli ve güçlü priz çözümleri sunan Meridian, internet ve uydu prizleri dahil günümüzün zorunlu gereksinimlerine de karşılık veriyor. Energy Saver, ısı kontrolü, jaluzi açma kapama ve hareket sensörleriyle konfor ve tasarruf, Meridian'da tasarımdan ödün vermeden ön plana çıkıyor.
